

NFT NATO ALPHA PASS WHITEPAPER

Community built to help you succeed in Crypto & NFTs

Overview

With the Alpha Pass you are granted Lifetime Access to NFT Nato Alpha Discord group as long as you hold an NFT. In total only 2500 total passes will ever exist.

2000 Platinum Passes and 500 Centurion Passes will be available.

There are several benefits of owning an Alpha Pass, from calls from Nato, Sammy, and the research team, whitelists, giveaways, and access to future projects.

Owning an Alpha pass is buying into a community of like-minded individuals where you will be given all the tools to succeed in the Crypto and NFT space.

Our goal is to help our community become financially free so that we can live life on our terms.

Mint price is set at 0.15ETH for Platinum and 0.45ETH for Centurion. Once sold out you will have to purchase on secondary market for market price.

Platinum Pass Benefits

Let's talk about the Platinum Pass benefits. This is all subject to change as we will always be adding more value to the community as we go. We will continue to listen to the community to make this the best Alpha group in space.

Platinum Pass Benefits:

- ✓ Access to the Discord Community via the NFT by using Collab Land. It will check to see if you own the NFT and if you do it will give you access to all of the Platinum Channels. If you sell or lose your NFT, you will lose access to the community and all of the benefits
- ✓ Alpha Calls from the research team. You will get calls before we release them to the public
- ✓ Daily Mint Schedules and what the team is looking to mint
- ✓ Access to White Lists. We will be doing joint ventures with other projects in the future
- ✓ Monitors that track listings and sales of NFTs & More
- ✓ Custom guides to help you buy NFTs
- ✓ Access to future tools
- ✓ Giveaway offers
- ✓ Monthly Discord Voice calls with Nato, Sammy, and Team

Centurion Pass Benefits

Let's talk about the Centurion Pass benefits. This will be a more exclusive membership that will give you more access to Nato, Sammy, and the team. Also comes with money making opportunities.

All of the Platinum Pass Benefits:

- ✓ Access to the Discord Community via the NFT by using Collab Land. It will check to see if you own the NFT and if you do it will give you access to all of the Platinum Channels. If you sell or lose your NFT, you will lose access to the community and all of the benefits
- ✓ Alpha Calls from the research team. You will get calls before we release them to the public
- ✓ Daily Mint Schedules and what the team is looking to mint
- ✓ Access to White Lists. We will be doing joint ventures with other projects in the future
- ✓ Monitors that track listings and sales of NFTs & More
- ✓ Custom guides to help you buy NFTs
- ✓ Access to future tools
- ✓ Giveaway offers
- ✓ Monthly Discord Voice calls with Nato, Sammy, and Team

Additional Centurion Benefits:

- ✓ Access to the Exclusive Centurion Lounge which can only be accessed by Centurion NFT holders
- ✓ Weekly Calls with Nato, Sammy, and Team
- ✓ Questions directly answered from Nato, Sammy and Team
- ✓ Access to future Meetups. Only available to Centurion members
- ✓ Voting rights to NFT purchases which will be given to Centurion Members.
- ✓ NFT Purchases given to Centurion members. % of Royalties will go to this. Explained below

We will be using **25%** of our Royalty fees which is **2.5%** of the total Monthly Volume back to Centurion members via NFT purchases.

NFT purchases will be voted on by Centurion members by voting. Our team will do the research so that we are purchasing the best NFTs during that time to maximize our members profits.

Once NFT are purchased, they ALL will be raffled off to Centurion members.

Example:

If the total 30 day Volume traded on Opensea for NFT Nato Alpha Pass is 200ETH. Then 5ETH (2.5%) will be used for NFT Purchases the following month and given away as a raffle to Centurion Members.

Down the Road

We will start marketing the NFT Nato Alpha pass on several social media platforms in order to increase demand for the NFT. Goal is to increase the value of your NFT.

Continue building the research team from within the community.

Build tools and guides in order for you to make the best decisions in your Crypto and NFT career.

Bringing in experts in different areas to help you diversify in other things like business and defi.

Our goal is to build the best Alpha community in this space and this is your chance to be a part of it. I hope to see you in the Discord

—Nato and Team
